SUPRATECH

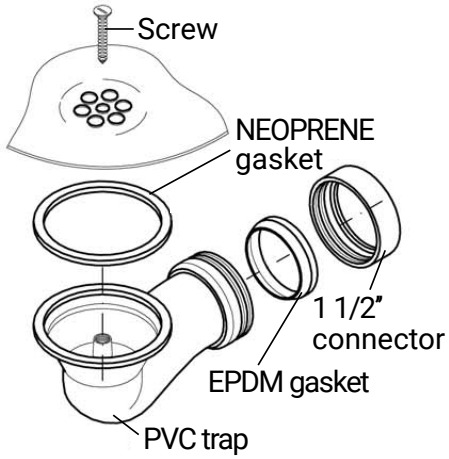

URBA wall-mounted stainless steel individual urinal

Reference: **UR-11**

INSTALLATION

NOTE: Fixing screws not supplied

MANTENANCE

Installation by a qualified professional is advised.

DO NOT use steel wool or cleaning agents containing alcohol, acid, abrasives or the like .
The use of prohibited cleaning or maintenance products or substances could damage the surface of the urinal.
ONLY use soap and water to clean the surface, then wipe dry with a clean cloth or towel.

When cleaning bathroom tiles, the urinal should be protected from splashes of strong cleaning agents.
You can use a vinegar and water solution (20% vinegar, 80% water) to remove limescale.

Always make sure to wipe off any product residue, as this will cause corrosion and invalidate the warranty.
