

URBA stainless steel wall-hung urinal with automatic flushing with concealed sensor detection

Reference: **UR-11-TH**

Description

URBA stainless steel rimless wall-hung urinal with touch-free automatic flushing via invisible thermal detection = sleek aesthetic, vandal-proof and simplified installation.

The system activates flushing when it detects a temperature change (heat from urine).

Siphon-free system for maximum reliability; no risk of damage from liquids.

Hygiene = touch-free, and eliminates unpleasant odours.

Fully enclosed urinal, with concealed plumbing and an access panel below for fixing and connections.

Designed for high-end establishments or those requiring a high level of security or subject to heavy use.

Quick "Plug and Play" installation with detection integrated into the urinal = simply fix, connect and the urinal is operational.

ECO modes for significant water savings:

ECO 1: Reduction in the number of flushes during periods of heavy use (schools, performance venues, stadiums...).

ECO 2: The urinal is flushed after each use, but not always with the same water volume.

Parameters adjustable according to frequency of use.

Features

AISI 304 stainless steel, thickness 1.5/1.0 mm, brushed finish.

Pressed bowl with anti-splash design and vandal-proof perforated drain.

Fixing and connection via access panel, closed underside with security Torx screws.

Adjustable rinse duration from 0.5 to 15.5 s.

Powered by 6V batteries or external 230/24V transformer.

Power consumption 3W on batteries and 7W on mains.

Parameters adjustable by SLD04 remote control (rinse duration, sensitivity, on/off...).

Automatic flush after 24 hours without use.

Pressure 1-8 bar. Flow rate 12 L/min. at 3 bar.

½" threaded water inlet. Horizontal outlet Ø 40 mm.

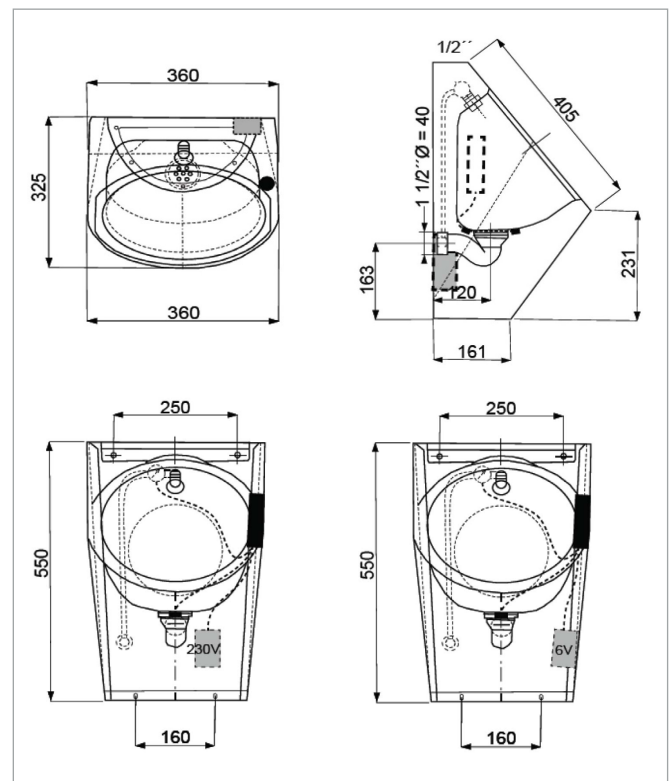

Integrated earth connection.

Compliant with standard EN 13407 for a 2 L flush.

Dim. H550 x D325 x W360 mm.

CE. Electronics guaranteed 5 years.

Urinal supplied with rinse nozzle, thermal sensor, solenoid valve, angled stop valve with filter, trap, batteries or transformer, fixings.
