ELITE stainless steel electronic faucet

References: **RES-75-S1 / RES-77-S1**

Description

Deck mounted AISI 316 brushed stainless steel electronic faucet for cold or pre-mixed water.

Recommended for heavy use and installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Designed for effortless installation and upkeep.

Electronic faucets reduce water consumption, save energy and optimise sanitary hygiene.

Features

Infrared sensor with optimized presets, adjustable with remote control (detection range, flow duration, periodic flushing, temporary stop...).

Powered by 9V battery or 230/9V transformer.
Sensor includes a low battery LED indicator.
Security stop after 90 seconds without interruption.
Periodic hygiene rinse.

AISI 316 brushed stainless steel body (anti-corrosion and bacteriostatic properties).
Ø32 mm robust fixing.

Adjustable NEOPERL aerator to optimise jet direction, with limited flow rate of 6 LPM (3 LPM, 1.9 LPM or 1.3 LPM on demand). Limescale protection.

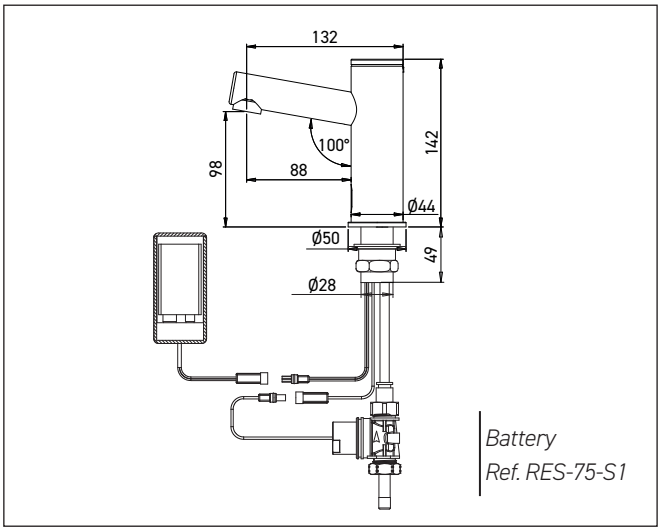

External M 1/2" solenoid valve, with filter.
Cold or pre-mixed water supply.

Operating pressure: 0.3 – 8.0 bars. / Max. temperature 70°C.

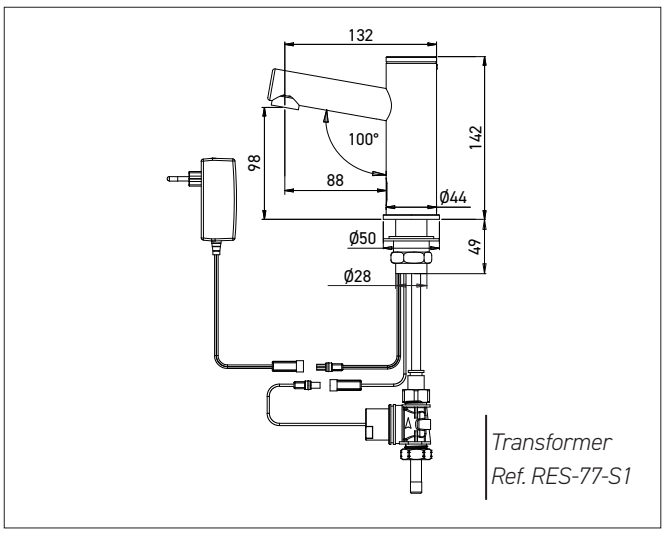

CE. ACS. 3 year warranty.
