

ELITE stainless steel automatic foam soap dispenser

Reference: **RES-72M-S1**

Description

ELITE electronic foam soap dispenser in AISI 316 stainless steel, brushed finish.

Touch-free, protects against the risk of cross-contamination. Recommended for installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Minimalist, modern, elegant design.

Robust brass construction suitable for high-traffic areas.

Drastically reduces soap consumption with precise and consistent dosing, and automatic shut-off with no dripping.

Soap and air dosage can be adjusted via remote control to enhance the foaming effect.

Peristaltic pump: soap flows through a tube without coming into contact with the pump, preventing contamination and backflow.

Easy to install and refill.

The perfect match with electronic faucets, enhancing hygiene, user comfort, and the image of your washroom facilities.

Features

Activated by infrared sensor.

Powered by 230/12V transformer.

Brushed AISI 316 stainless steel body (high resistance to corrosion and bacteriostatic).

1L refillable reservoir with wall-mounted support (6L option).

Operates with peristaltic pump and air compressor for foaming effect.

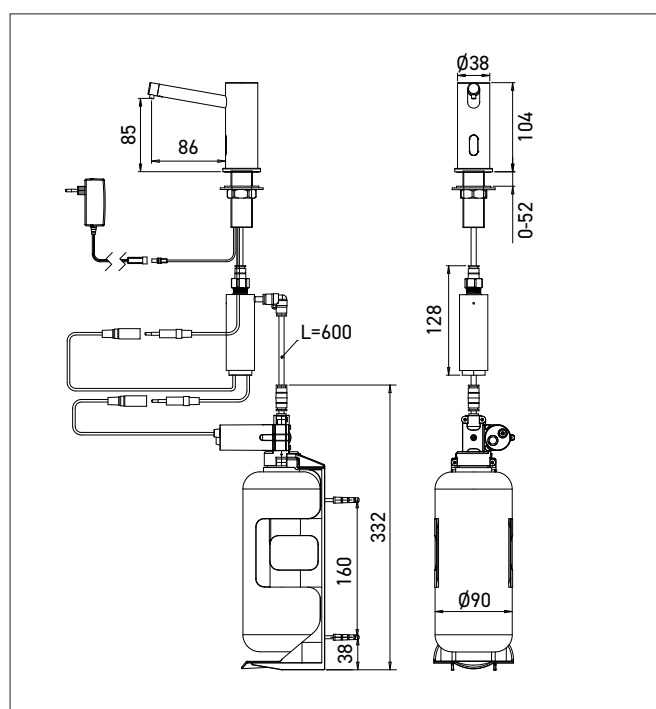

Soap viscosity: 0-100 cPs, PH levels: 6.5 to 8.5.

Deck-mounted installation, standard with an under-sink tank.

Wall-mounted support for pump and tank.

Optional RES-39 remote control for adjusting soap quantity, air volume (foaming effect), priming after refill, temporary shut-off, and reset.

CE. 3 year warranty.
