

RONDEO matte black wall-mounted hand dryer

References: **SM-20-N** / **SM-23-N**

Description

Touch-free high-speed wall-mounted hand dryer in matte black finish, with a minimalist and reliable design for intensive use.

Users can dry their hands immediately after washing them and all the water goes into the washbasin, simplifying the cleaning process.

Thanks to the hand dryer's concealed motor, only the spout is visible on the wall, saving space in sanitary facilities.

HEPA filter for enhanced hygienic properties.

Combined as a trio with the wall-mounted faucet and soap dispenser, this all-in-one set improves hygiene and facilitates handwashing and drying.

Features

Infrared detection 170 mm $\pm$ 20 mm, self-adjusting or settings adjustable by remote control (sensor range, drying time, safety time, temporary stop).
