

RONDEO wall-mounted hand dryer

References: **SM-20** / **SM-23**

Description

High-quality, high-speed touch-free wall-mounted hand dryer, with a minimalist and reliable design for heavy-duty use.

Users can dry their hands immediately after washing them and all the water goes into the washbasin, simplifying the cleaning process.

Thanks to the concealed motor of the hand dryer, only the spout is visible on the wall, saving space in the sanitary facilities.

HEPA filter for enhanced hygienic properties.

Combined as a trio with the wall-mounted faucet and soap dispenser, this all-in-one set improves hygiene and facilitates handwashing and drying.

Features

Infrared detection 170 mm $\pm$ 20 mm, self-adjusting or settings adjustable by remote control (sensor range, drying time, safety time, temporary stop).
