

Unbreakable stainless steel mirror

Reference: **ESP-005**

Description

Unbreakable stainless steel mirror, high-gloss finish with rounded corners.

Impact-resistant for areas where safety is a priority.

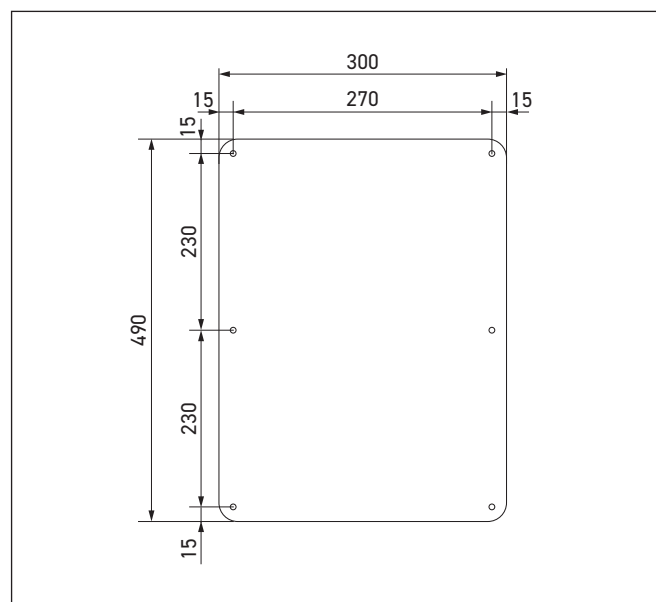

Lighter than glass mirrors, is easy to handle and install. Easy to clean.

Stainless steel resists rust and corrosion, guaranteeing a long life even in humid environments or outdoors.

Features

Mirror-polished AISI 304 stainless steel, thickness 1 mm.

Mounting with included stainless steel Torx safety screws or adhesive.
