

EXTREME WS wall-mounted electronic mixer tap

References: [RES-904](#) / [RES-914](#)

Description

Electronic wall-mounted washbasin mixer tap with infrared sensor for cold or hot water supply, with offset mixing handle.

Pure design: sensor concealed directly in the tip of the spout.

Comfort: highly responsive detection, water flows as soon as hands approach!

Engineered for easy installation and maintenance.

Features

Self-adjusting infrared sensor or adjustable settings with remote control (detection range, flow duration, periodic flushing, temporary stop...).

Powered by 9V battery or 230/9V transformer.

Sensor includes a low battery LED indicator.

Security stop after 90 seconds without interruption.

Periodic hygiene rinse.

Chrome-plated solid brass spout, L195 mm Ø25 mm.

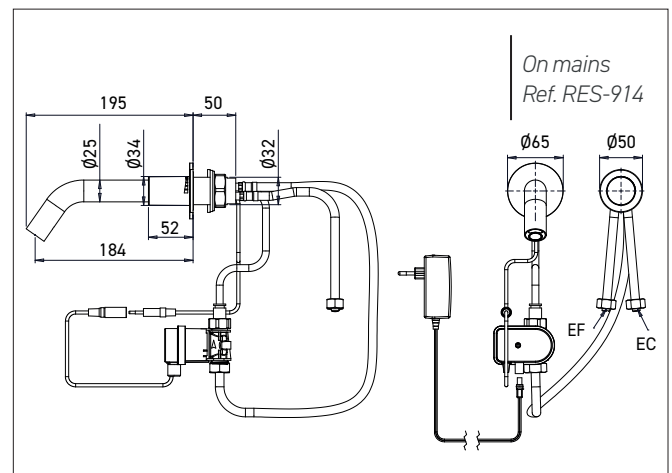

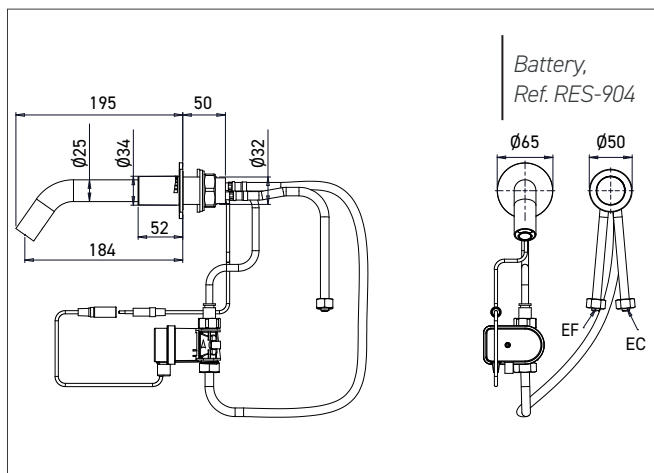

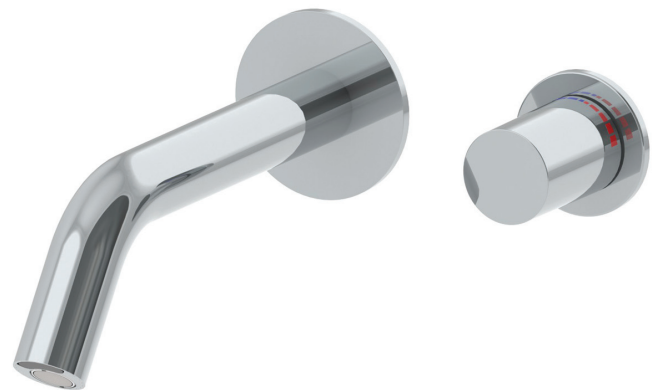

Adjustable aerator with limited flow rate of 4 LPM (1.9 LPM on demand).

Panel-mounted installation (1 to 55 mm) or flush-mounted installation, with external M1/2" solenoid valve box and filter (built-in back-up battery for normal operation in the event of a power cut).

Cold and hot water supply. Lead-free water circuit.

Operating pressure: 0.5 – 8.0 bars. / Max. temperature 70°C.

CE. ACS. 3 year warranty
