SUPRATECH

Tall ELITE automatic stainless steel soap dispenser

References: **RES-72-R-S1 / RES-72P-R-S1**

Description

ELITE electronic liquid soap dispenser in AISI 316 stainless steel, brushed finish, elevated for countertop basins.

Touch-free, protects against the risk of cross-contamination.

Recommended for installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Drastic reduction in soap consumption: precise, even soap dosage, automatic stop without dripping.

Peristaltic pump: the soap passes through a tube without coming into contact with the pump, preventing contamination and backflow.

Easy to install and fill.

Perfect combination with ELITE stainless steel electronic faucets for hygiene, pleasure of use and the brand image of sanitary areas.

Features

Activated by infrared sensor.

Powered by 230/12V or 6 LR20 batteries (not included).

Brushed AISI 316 stainless steel body (high resistance to corrosion and bacteriostatic).

1L refillable reservoir with wall-mounted support (2L or 6L options). Operates with a peristaltic pump, compatible with all types of liquid soap, detergent, lotion, or antibacterial gel.
Viscosity: 100–3800 cPs. pH: 6.5–8.5.

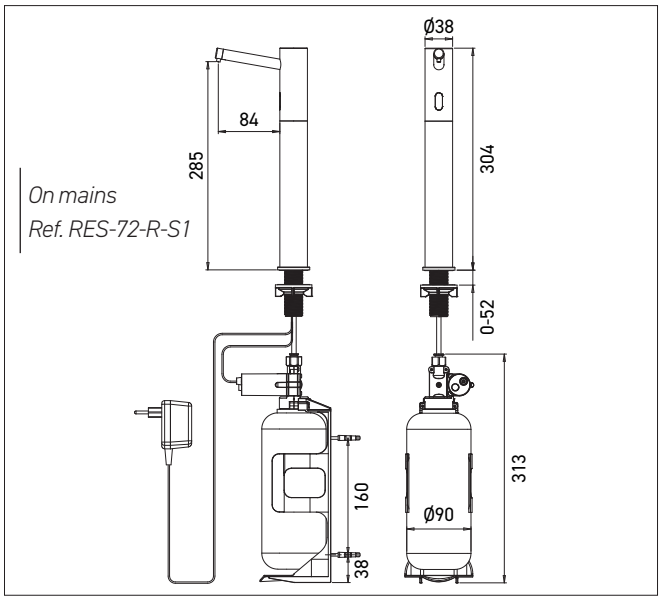

Deck-mounted installation, standard with an under-sink tank. Wall-mounted support for pump and tank.

Optional RES-38 remote control for soap dose adjustment, priming after refill, temporary shut-off, and reset).

CE. 2 year warranty.
