

Double stainless steel toilet seat

Reference: **WC-INX**

Description

Double toilet seat in brushed finish AISI 304 stainless steel, consisting of a toilet seat and a lid with a soft-closed mechanism.

Its D-shaped design, combined with an anti-theft fixing provides excellent durability under intensive use and enhanced resistance to vandalism.

Strong, hygienic and easy to clean, it is particularly well suited to high-traffic public washrooms and communal facilities.
