

Automatic cut paper towel roll dispenser

Reference: BO-2860

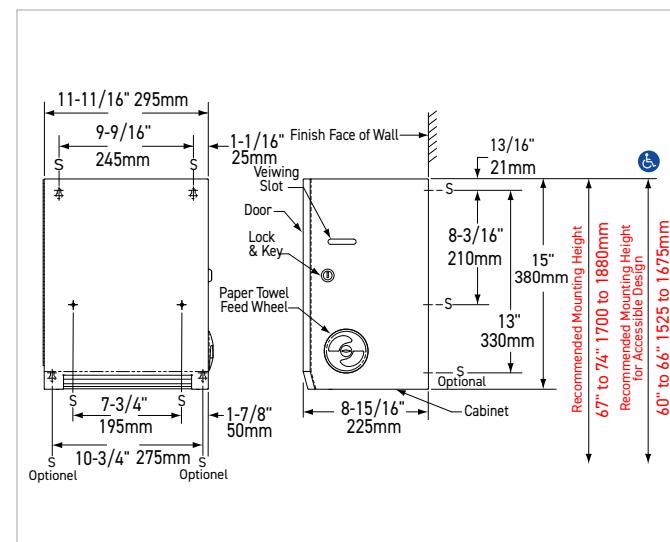

Description

Stainless steel automatic cut paper towel dispenser for non-perforated paper towel rolls, offering high capacity.
 Intuitive system allowing users to easily take paper, with automatic cutting by pulling a paper towel sheet.
 Reduces waste thanks to precise cutting.
 Smooth and silent operation.
 Only the used paper is touched for maximum hygiene.
 Modern design and easy to clean.

Features

AISI 304 stainless steel quality, 0.8 mm thickness, brushed finish.
 Fully welded construction.
 One-piece stamped door fixed by a full-height stainless steel piano hinge.
 Lock with key.
 Durable shockproof resin mechanism for universal non-perforated roll Ø 205 mm, width 205 mm, length 244 m and core Ø 38 to 51 mm.
 Dispenses one sheet at a time, 305 mm in length.
 Maximum end roll Ø 90 mm is dispensed with automatic transfer to the full roll.
 Side rotary handle to prime the refill and to advance the paper in the dispenser if necessary.
 The automatic transfer device allows finishing the first roll before starting a new one.
 When the first roll is finished, advancing with the rotary handle allows the main roll to start dispensing without the need to open the dispenser.
 Dimensions: W295 x D225 x H380 mm
 CE. 2-year warranty.
