

## 3-in-1 recessed combination paper towel dispenser, hand dryer and waste bin

Reference: **BO-38030**

### Description

Wall-mounted recessed stainless steel combination of paper towel dispenser, high-performance dual air flow hand dryer and integrated bin with a single window, allowing space optimisation and PRM access for all 3 functions with installation at the required height.

Offers the choice between hand drying by air or paper sheet.

Or to combine a hand dryer with a single paper sheet for perfect hand drying. This unique combination contributes to sustainable development by reducing paper and electricity consumption.

2 operating modes available =

Air Priority = the hand dryer and green LED turn on when hands are detected and stop when removed.

Paper Priority = 3-second delay before the hand dryer is activated.

Sleek design, concealed hinge and flush locks. The 100 mm depth allows easy recessing into a partition.

### Features

Manufactured in AISI 304 stainless steel with brushed finish.

Door thickness 1.2 mm with 14 mm edges folded at 90°, welded corners and full-height concealed stainless steel hinge, for maximum rigidity. Opening limiter cable.

Two flush-mounted key locks.

Fully welded construction recessed housing.

Dispenser capacity 450 to 600 hand towels depending on size.

DISTRITOP accessory included: continuous single-sheet dispensing, reducing paper consumption by at least 20%, eliminating jams and multiple sheet pulls at once. A guide with return prevents hand towels from falling when the door is opened.

230 V 4 A hand dryer, 900 W power, Class I.

Double air outlet through lateral slots; orientation prevents blowing into the waste container.

Infrared detection. Green/red LED indicator.

Security stop after 90 seconds of uninterrupted use.

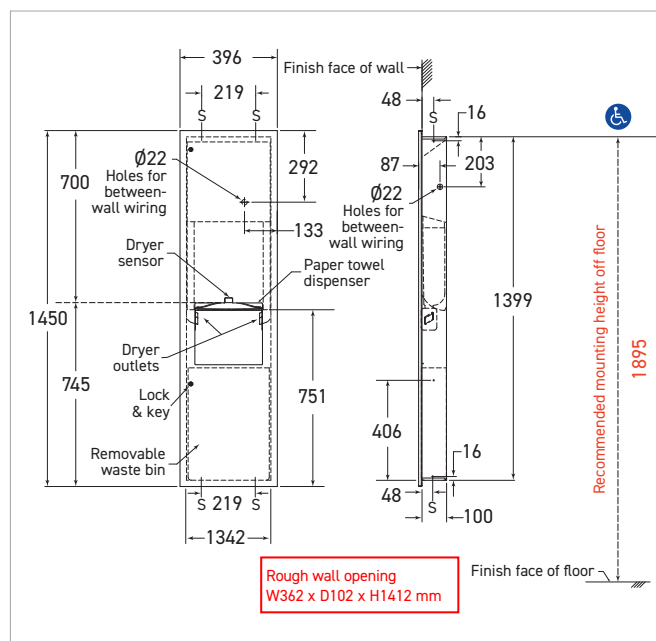

Removable 14 L waterproof rigid plastic bin.

Dim.: W396 x D114 x H1449 mm

(of which 100 mm recessed).

Wall recess: W362 x D102 x H1412 mm.

CE. 2 year warranty.
