

Semi-recessed stainless steel combination unit paper towel dispenser and waste bin

Reference: **BO-38032**

Description

Semi-recessed wall-mounted stainless steel combined paper hand towel dispenser and integrated large capacity bin, designed to optimise space in sanitary facilities with a minimalist design.

Hygiene: only the used sheet is touched and the bin is directly accessible for used hand towels.

The dispenser features a rounded and hemmed opening to dispense paper hand towels without tearing them.

Included DISTRITOP accessory: continuous single-sheet dispensing, reducing paper consumption by at least 20%, eliminating jams and multiple sheet pulls. A guide with return prevents paper towels from falling when the door is opened.

Removable, waterproof rigid plastic waste bin.

Features

Manufactured in AISI 304 stainless steel with brushed finish.

Door thickness 1.2 mm with 14 mm edges folded at 90°, welded corners and full-height concealed stainless steel hinge, for maximum rigidity. Opening limiter cable.

Two flush-mounted key locks.

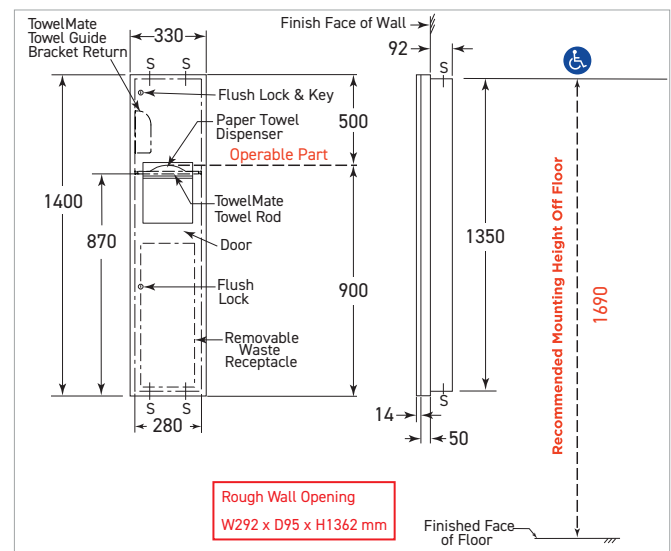

Fully welded construction recessed housing.

Capacities: - 600 to 800 paper towels depending on size
- removable 24 L waterproof bin

Dimensions: W330 x D156 x H1400 mm
(of which 92 mm recessed).

Wall recess: W290 x D95 x H1360 mm.

CE. 2-year warranty.
