

Recessed stainless steel unit with paper towel dispenser and waste bin matte black finish

Reference: **BO-39003-N**

Description

Recessed wall-mounted stainless steel combined paper towel dispenser and integrated large capacity waste bin, designed to maximise space in sanitary facilities with a minimalist design, matte black finish.

Hygiene: only the used sheet is touched and the waste bin is directly accessible for used hand towels.

The dispenser features a rounded and hemmed opening to dispense paper hand towels without tearing them.

DISTRITOP accessory included: continuous single-sheet dispensing, reducing paper consumption by at least 20%, eliminating jams and multiple sheet pulls at once.

A guide with return prevents hand towels from falling when the door is opened.

Waste bin with removable, waterproof receptable, in rigid molded plastic.

Features

Manufactured in AISI 304 stainless steel with matte black finish.

Door thickness 1.2 mm with 14 mm edges folded at 90°, welded corners and full-height concealed stainless steel hinge, for maximum rigidity. Opening limiter cable. Two flush-mounted key locks.

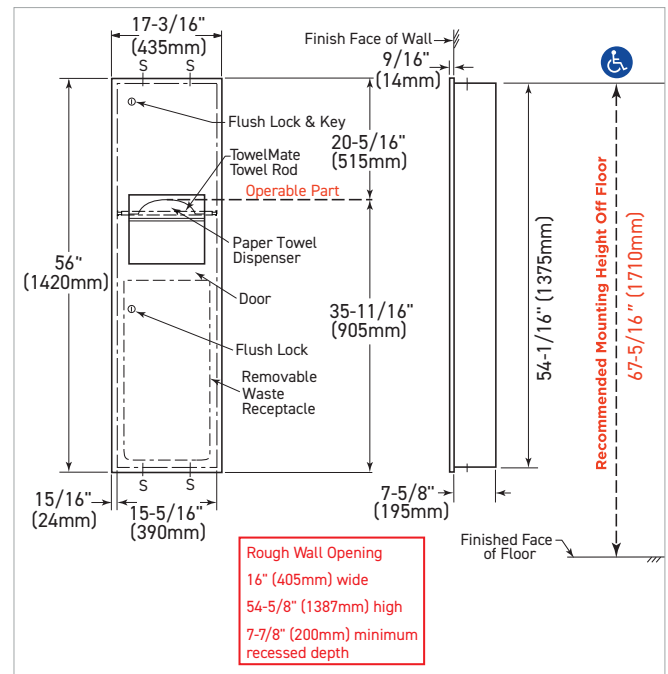

Fully welded construction recessed housing.

Capacities: - 600 to 800 paper towels depending on size
- removable waterproof bin 45.4 L

Dimensions: W435 x D209 x H1420 mm (of which 195 mm recessed).

Wall recess: W405 x D200 x H1387 mm.

CE. 2-year warranty.
