

Recessed paper towel dispenser for furniture

Reference: **B0-526**

Description

Recessed towel dispenser in brushed stainless steel.

Mounted vertically on a surface to distribute from above or horizontally to distribute from the front of a cabinet.

Fill from the top by pushing the two holding sections and the spring-loaded plate, ensuring even distribution of paper towels.

Features

AISI 304 stainless steel brush finish, 0.8 mm thick.

6 mm thick front panel with 90° folds for maximum rigidity, welded corners.

Capacity: 400 interfolded paper towels or 300 C-folded towels.

Dimensions:

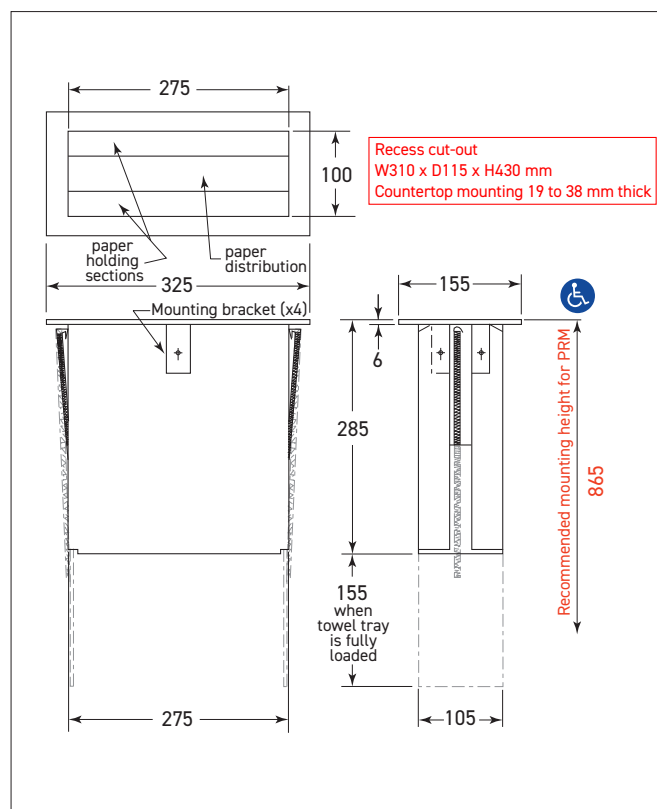

Front panel: W325 x D150 x H60 mm

Dispensing slot: W275 x D100 mm

Recess cut-out: W310 x D115 x H430 mm

Mounting on a countertop, 19 to 38 mm thick, with adjustable mounting brackets.

Allow a minimum clearance of 430 mm below the flush-mounted surface to allow the fully loaded towel rail to be fully extended.
