

Recessed stainless steel foam soap dispenser

References: **BO-823** / **BO-8231** / **BO-8236** / **BO-82316**

Description

Deck-mounted recessed foam soap dispenser for public washrooms, top-fill design for easy refilling.

Adjustable spout with lockable vandal-proof base.

Dispenses 7 ml of foam using only 0.5 ml of foam soap.

Top-fill system allows refilling without bending under the sink, saving time, labor, and soap consumption.

Elegant and discreet installation with concealed tank.

Quick top-fill system prevents overflow and foam buildup.

Compatible with all commercial foam hand soaps.

Features

Polished 304 stainless steel push-button and spout.

Ø50 mm shock-resistant chrome-plated ABS rosette with concealed lock (special key).

Spout rotates 360° without damage.

Body and tubing made of shock-resistant ABS.

Translucent polyethylene tank, shock-resistant.

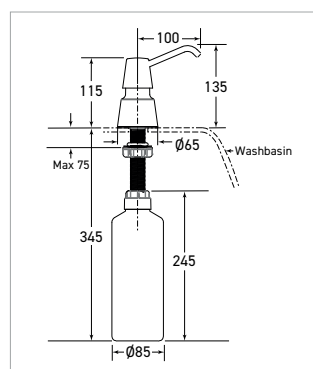

Spout length: 100 or 150 mm.

Tank capacity: 0.6 L or 1 L (Ø85 x H155 or 245 mm).

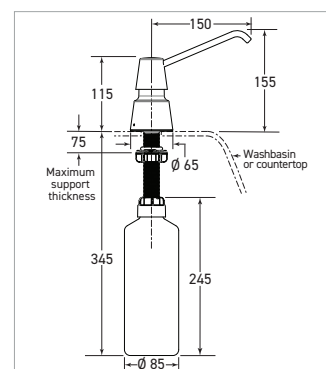

Top-fill or refill by unscrewing the tank.

Deck-mounted installation on surfaces up to 100 mm thick, cut-to-length supply tube, Ø25 mm mounting hole.

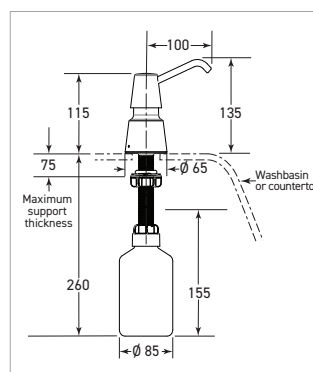

3 year warranty.
