

Recessed stainless steel SLIM matte black combination paper towel dispenser and 10L bin

Reference: DI-066-N

Description

Recessed stainless steel combination, matte black finish, with paper hand towel dispenser and integrated 10 L bin: a complete, aesthetic and functional solution for hand drying.

By using the available space within partitions, this combination optimises the layout of sanitary facilities without encroaching on the room.

Thanks to its flush installation, maintenance is simplified while reducing the risk of damage or theft.

Recessed depth 100 mm.

Vandal-proof.

Features

Brushed AISI 304 stainless steel front panel, matte black finish, 2 mm thickness, with fully welded corners and invisible hinges.

Concealed key lock.

Fully welded construction recessed housing.

Possibility to change the door opening direction thanks to its 4 integrated invisible hinges on each side.

Capacities:

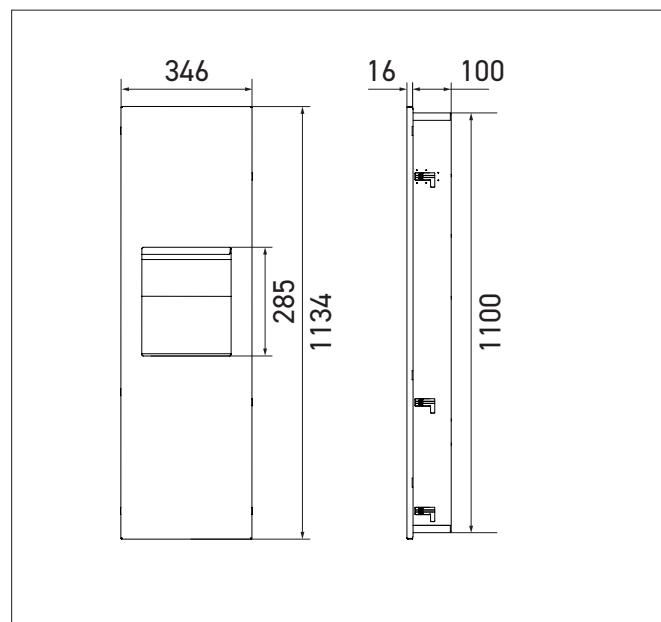

- hand towels according to size
- removable 10 L waterproof bin

2 fixing methods: with 10 suitable screws or 4 integrated sliding nuts.

Dimensions: W346 x D116 (including 100 mm recess) x H1134 mm.

Wall recess: W314 x D100 x H1102 mm.

10-year warranty.
