

## Collective wash through with back splash INTER-7-D for wall mounted taps

Collective wash through with back splash made in stainless steel quality AISI 441, satin finish.  
Side thickness 1,5 mm / basin 0.8 mm.

Innovative concept guaranteeing a perfect hygiene since the wash trough is completely welded on the inside: no splits nor joints.

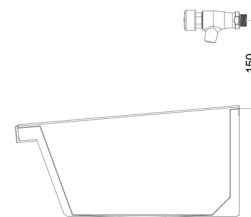

Interior corners within the wash through length > 90° for an easy clean.

Flat bottom allowing a 15L. bucket to be placed.

Basin depth 142 mm. Perforated central drainage grid 1 1/2".

Quick and efficient assembly, with 4 fixation points.

Standard compliant EN14296 on the resistance to sanitary appliances loads.

Dim. W600 to 3000 x D400 x H186 mm (+ back splash 120 mm).

**Options:** pair of stainless steel feet, custom made (max 3 m), back splash H240 mm.
