

LAGOON free-standing stainless steel circular fountain washbasin with timed push-buttons faucets

References: **LC-04 / LC-06 / LC-08**

*Soft push-button faucets
and soap dispensers option*

Description

Free-standing circular stainless steel communal washbasin with 4, 6, or 8 integrated timed faucets, for cold or pre-mixed water. Space-saving: optimizes available space, allowing smooth circulation around the washbasin.

Robust for intensive use, it combines hygiene, safety, and user comfort.

The circular, pressed parabolic-shaped basin ensures optimized water flow and prevents splashing.

Easy installation with a single connection for water supply and drainage.

Optional soap and paper towel dispensers available.

Features

Circular communal washbasin made from AISI 304 stainless steel, polished/satin finish, basin thickness 2 mm (leg 2.5 mm).

Stainless steel leg with inspection panel for connecting water supply and drainage. Zinc-coated steel anchor bolts.

Three seals: with the floor, between the leg, base, and basin.

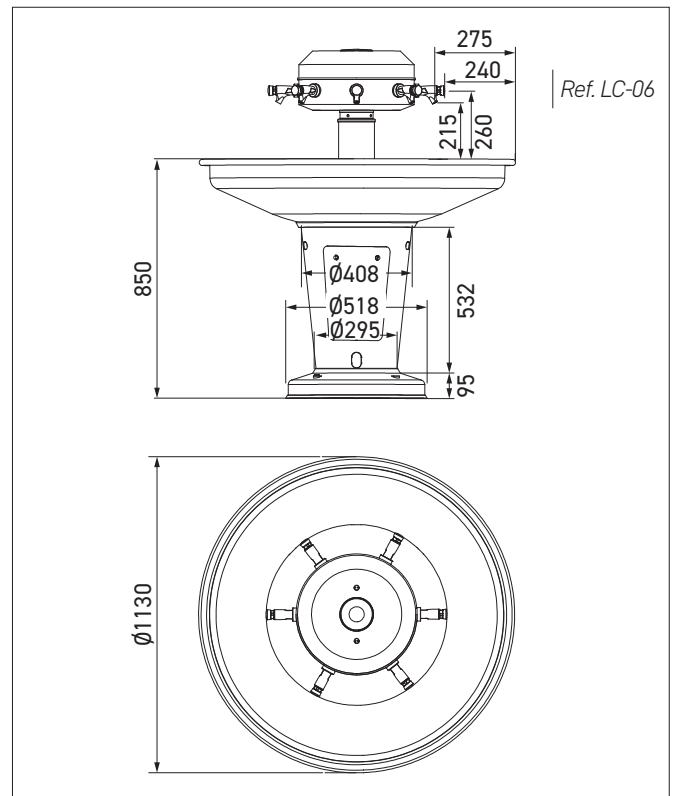

Timed faucets and pre-assembled pipes with tested sealing.

Faucet maintenance is made easier with front mounting on stainless steel F1/2" fittings. Flow duration is 15 seconds (± 5 seconds depending on pressure), flow rate 3 LPM (adjustable to 4 positions without public access).

Water supply via M1/2" threaded shut-off valve.

Drainage with 2" ($\varnothing 50$ mm) drain trap.

Dimensions: $\varnothing 995 / 1130 \times H1250$ mm (basin height 850 mm).

Ref. LC-06
