

## LAGOON free-standing stainless steel circular fountain washbasin with touch-free faucets, PRM access

References: **LC-06-E-BH / LC-08-E-BH**

### Description

Free-standing circular stainless steel communal washbasin with a white circular synthetic marble basin, accessible for people with reduced mobility, featuring electronic touch-free faucets for cold or pre-mixed water.

Reduces risk of cross-contamination and saves on water.

Space-saving: optimizes available space, allowing smooth circulation around the washbasin.

Robust for intensive use, it combines hygiene, safety, and user comfort.

The circular, pressed parabolic-shaped basin ensures optimized water flow and prevents splashing.

Easy installation with a single connection for water supply and drainage.

Optional soap dispensers available.

### Features

Circular communal sink made of AISI 304 stainless steel with a satin finish and a white synthetic marble basin.

Stainless steel leg with inspection panel for connecting water supply and drainage. Zinc-coated steel anchor bolts.

Three seals: with the floor, between the leg, base, and basin.

Faucets with infrared sensor and pre-assembled pipes with tested sealing. Powered by batteries or transformer.

Security stop after 90 seconds without interruption.

6 LPM flow rate (3 LPM or 1.9 LPM option).

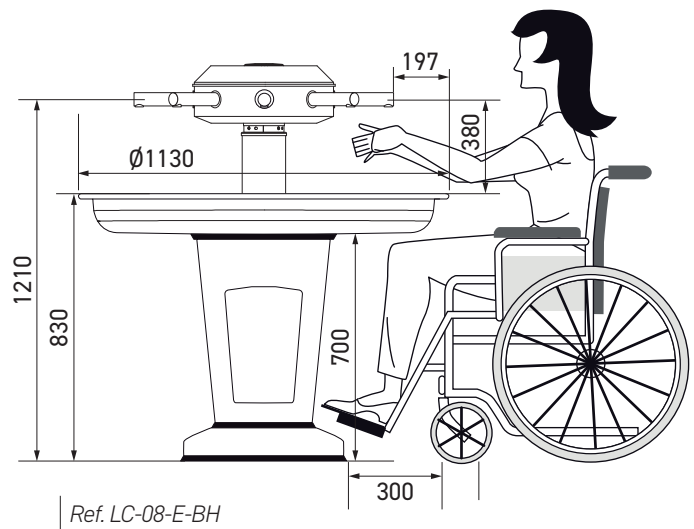

Periodic hygiene rinse.

Soap dispensers with 6L tank in option (x3 or 4), with touch-free sensor and low soap level indicator LED on transformer powered version; push-button version for battery-operated faucets.

Water supply via M1/2" threaded shut-off valve.

Drainage with 2" (Ø 50 mm) drain trap.

Dimensions: Ø 1130 x H1290 mm (basin height 830 mm).
