

## RONDEO wall mounted electronic faucet matte black

References: **RES-20 -N / RES-21-N / RES-22-N / RES-23-N**

### Description

Touch free wall mounted electronic faucet with matte black finish, for cold or pre-mixed water.

Perfect integration in bathrooms with its minimalist design.

Designed for easy installation and upkeep.

Electronic faucets reduce water consumption, save energy, and optimize sanitary hygiene.

### Features

Self adjusting infrared sensor or settings adjustable by remote control (sensor range, flow time, hygiene rinse, temporary stop, security time, reset...).

Powered by 9V battery or 230/9V transformer.

Sensor includes a low battery LED indicator.

Security stop after 90 seconds without interruption.

Periodic hygiene rinse.

Brass matte black finish spout  $\varnothing$  38 mm L170 mm (multiple spout length available).

Adjustable NEOPERL aerator to optimise jet direction, with limited 6 LPM flow rate (3 LPM, 1.9 LPM or 1.3 LPM on demand).

Limescale protection.

Panel mounted installation from 1 to 35 mm (up to 200 mm option) with external M1/2" solenoid valve and filter or recessed installation with box including solenoid valve, shut-off valve and stainless steel front panel, recommended under washbasin.

Cold or pre-mixed water supply.

Water pressure: 0.3 – 8.0 bars / Maximum temperature: 70°C.

CE. ACS. 3 year warranty.

### References model choices
