

EXTREME raised electronic mixer

References: **RES-1-R / RES-3-R**

Description

Electronic washbasin mixer faucet with infrared sensor, with spout riser for countertop basin.

Its elegant design adds a contemporary and polished touch to sanitary spaces.

Designed for easy installation and simplified maintenance, with every component seamlessly integrated into the faucet body.

Under basin battery access.

Electronic faucets reduce water consumption, save energy, and optimize sanitary hygiene.

Features

Infrared sensor with optimized presets, adjustable with remote control (detection range, flow duration, periodic flushing, temporary stop...).

Powered by 9V battery or 230/9V transformer. Low battery indicator light for replacement.

Security stop after 90 seconds of uninterrupted use.

Periodic hygiene rinse.

Chromed brass body.

Adjustable NEOPERL aerator to optimize jet direction, with limited flow rate of 6 LPM (3LPM, 1.9 LPM or 1.3 LPM on demand).

Mixes hot and cold water, with the solenoid valve integrated into the faucet body.

SPEX F3/8" hoses (resistant to chlorinated disinfection and temperature increases) with integrated check valves. Filters supplied.

Water pressure: 0.3 – 8.0 bars / Maximum temperature 70°C.

CE. ACS. 3-year warranty.

Battery-powered
Ref. RES-1-R

Mains-powered
Ref. RES-3L-R
