

## Tall EXTREME automatic soap dispenser

References: **RES-33-R** / **RES-33P-R**

### Description

EXTREME tall electronic soap dispenser for vanity bowl.

Touch-free, protects against cross contamination.

Minimalist, modern and elegant design.

Drastic reduction in soap consumption: precise, even soap dosage, automatic stop without dripping.

Peristaltic pump: no direct contact between the pump mechanism and the soap, preventing clogging, backflow, and contamination.

The perfect combination with EXTREME electronic faucets for hygiene, enjoyment and brand image in sanitary spaces.

Easy to install and fill.

### Features

Activated by infrared sensor.

Powered by 230/12V transformer or 6 x LR20 batteries (not included).

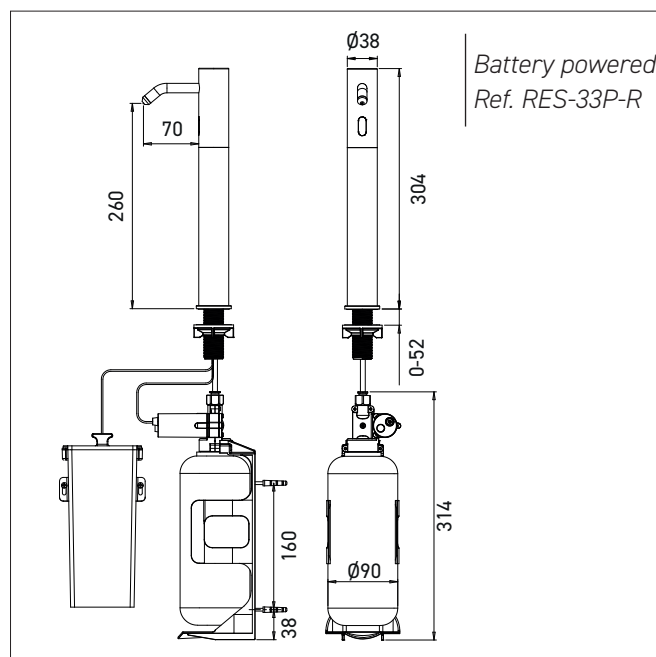

Ø25 mm brass spout, matte black finish.

1L refillable tank and wall support (2L or 6L tank option). Operates by peristaltic pump, allowing the use of any type of liquid soap, detergent, lotion or antibacterial gel. Viscosity 100-3800 cPs. PH 6.5 - 8.5.

Deck-mounted installation, standard with an under-sink tank. Wall-mounted pump support and tank.

Optional RES-38 remote control for setting adjustments (soap dosage, soap priming after refill, temporary stop, reset).

CE. 2 year warranty.
