

RONDEO wall-mounted matte black electronic mixer tap

References: **RES-24-N / RES-25-N / RES-34-N / RES-35-N**

Description

Touch free wall-mounted matte black electronic faucet with temperature control for hot and cold water.

Its elegant design brings a modern and refined touch to sanitary spaces.

This faucet is designed for an easy installation and upkeep.

Electronic faucets preserve water, save energy, and optimize sanitary hygiene.

Features

The unit has a self-adjusting infrared sensor which can also be adjusted by remote control (sensor range, flow time, hygiene rinse, temporary off, safety time, reset...).

Powered by 9V battery or 230/9V transformer.

Low power consumption, alkaline battery life approx. 3 years. Low battery indicator for replacement.

Security stop after 90 seconds without interruption.

Periodic hygiene rinse.

Solid brass spout \varnothing 38 mm L170 mm (optional L220 mm) matte black finish.

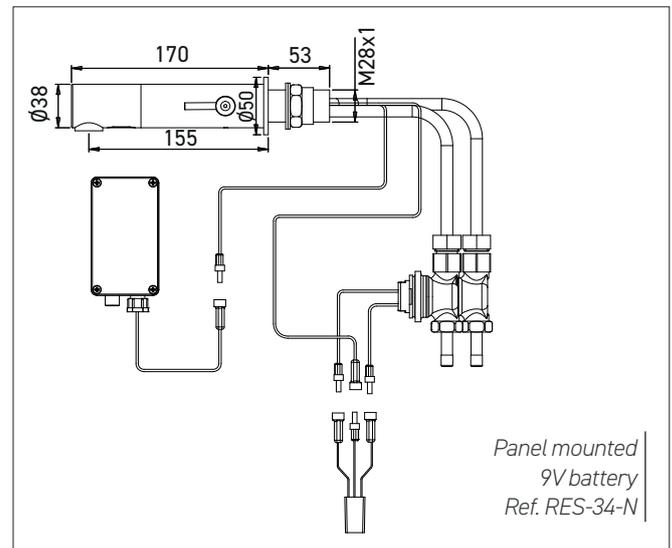

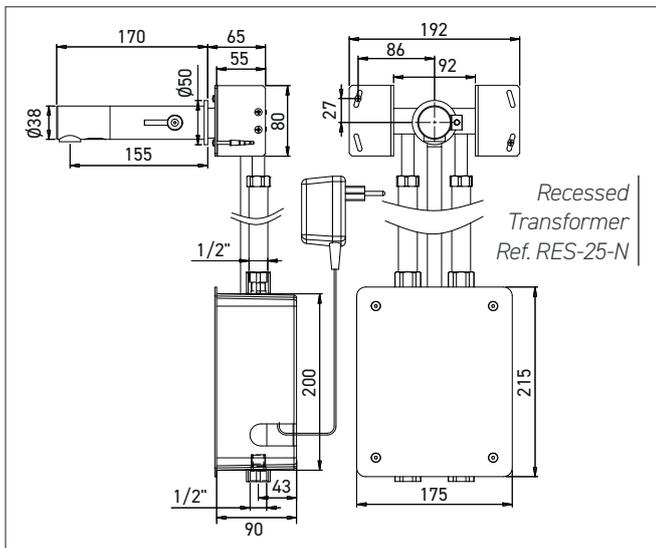

Adjustable NEOPERL aerator to optimise jet direction, with limited 6 LPM flow rate (3 LPM, 1.9 LPM or 1.3 LPM on demand).

Panel mounted installation with rear access, through max. 35 mm wall, and external M $\frac{1}{2}$ " solenoid valves and filters, or recessed installation with flush-mounted box including solenoid valves, shut off valves, filters and a stainless steel front panel, recommended under the washbasin.

Hot and cold water supply.

Water pressure: 0.3 – 8.0 bars / Maximum temperature: 70°C.

CE. ACS. 3 year warranty.
