

FLO 4 in 1 Soap - Water - Air - Mirror cabinet

Reference: RES-350

Description

All-in-one, ready-to-install FLO mirror cabinet unit including automatic liquid soap dispenser, electronic water faucet, and touch-free high-speed hand dryer.

The mirror cabinet with its integrated equipment is the ideal solution:

- For hygiene and comfort with the touch-free automatic activation.
- For water and soap savings.
- For architectural integration by minimising the visual aspect.
- For limited clutter in interior spaces.
- For easier installation and minimal maintenance.
- For easier soap refill and maintenance, all within reach.
- For a clean space (no dirty faucet, no soap marks, no wet floor...).
- Sleek and refined, the hidden appliances bring a minimalist and functional design to your washrooms.
- Accessible to PRM

Secure the unit to the wall onto suspension rail, connect a sole power supply line, the water lines to a 1/2" shut-off valve, and voilà! The unit is fully operational!

6L soap tank easily accessible for filling.

Key lock.

All the components (solenoid valve, pump, sensors, transformer, shut-off valve...) within reach for ease of maintenance.

Features

- Cabinet made out of 19 mm thick hydro melamine with white 1 mm thick PVC-coated edges.
- Cabinet base and door in rot-proof 19 mm white komacel.
- 6 mm thick mirror with backing film. 2 concealed hinges.
- Illuminated pictograms (colour selection: blue, white, red, or green).
- Soap dispenser operates via peristaltic pump for precise soap dosage. Closes automatically without dripping.
- Faucet with self-adjusting infrared detection, 6 LPM flow rate (1,9 LPM on demand). Security stop after 90 seconds without interruption. Water pressure: 0.5-8 bars. Periodic hygiene rinse.
- High speed hand dryer 920W nominal output, 4 A (350W min. setting). Dries hands within 9 seconds (according to PCR UL hand dryer rule). Adjustable airflow and volume level (67.4 to 71.2 db at 1 m). Hot/ambient air switch.
- CE. 3 year warranty. Soap dispenser warranted 2 years.
- Measurements: W600 x D256 x H800 mm.

The concept is modular in terms of dimensions, finishes and integrated elements, please consult us.
