

## RONDEO stainless steel automatic soap dispenser

References: **RES-37-S1** / **RES-37P-S1** / **RES-47-S1** / **RES-47P-S1**

### Description

Wall mounted stainless steel electronic liquid soap dispenser, brushed finish.

Recommended for installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Dispenses a precise, touch-free dose of soap with automatic shutoff, preventing drips and ensuring impeccable hygiene and sanitary standards.

Easy to fill, it brings an economic solution to ensure clean and aesthetic washbasins.

### Features

Activated by infrared sensor.

Powered by 230/12V transformer or 6 x LR20 batteries (not included).

AISI 316 brushed stainless steel spout L150 mm  $\varnothing$ 28 mm.

Panel mounted or recessed installation.

1L refillable tank and wall support (2L or 6L tank option).

Peristaltic pump for all types of liquid soap, lotion, detergent or hydro-alcoholic gel.

Viscosity 100-3800 cPs. PH 6.5 - 8.5.

Optional RES-38 remote control for setting adjustments (soap dosage, soap priming after refill, temporary stop, reset).

CE. 2 year warranty.

Soap tank installation behind the wall, under the washbasin or behind the mirror.
