

CARREO automatic soap dispenser

References: **RES-44 / RES-44P / RES-46 / RES-46P**

Description

Wall-mounted electronic liquid soap dispenser for washbasins.

Touch-free operation to prevent the risk of cross-contamination.

Minimalist, modern, and elegant design.

Robust brass construction allows installation in high-traffic environments.

Drastically reduces soap consumption with precise and consistent dosing, and automatic shut-off with no dripping.

Peristaltic pump: soap flows through a tube without coming into contact with the pump, preventing contamination and backflow.

Facile à installer et à remplir.

Easy to install and refill.

The perfect match with wall-mounted electronic faucets, enhancing hygiene, user comfort, and the image of your washroom facilities.

Features

Activation by infrared detection.

Powered by 230/12V transformer or 6 LR20 batteries (not included).

Chrome-plated brass spout, 150 mm long, 28 mm square.

Panel-mounted or recessed installation.

1L refillable reservoir with wall-mounted support (2L or 6L options).

Operates with a peristaltic pump, compatible with all types of liquid soap, detergent, lotion, or antibacterial gel.

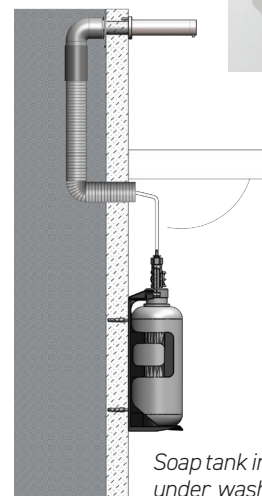

Viscosity: 100–3800 cPs. pH: 6.5–8.5.

Optional RES-38 remote control for soap dose adjustment, priming after refill, temporary shut-off, and reset).

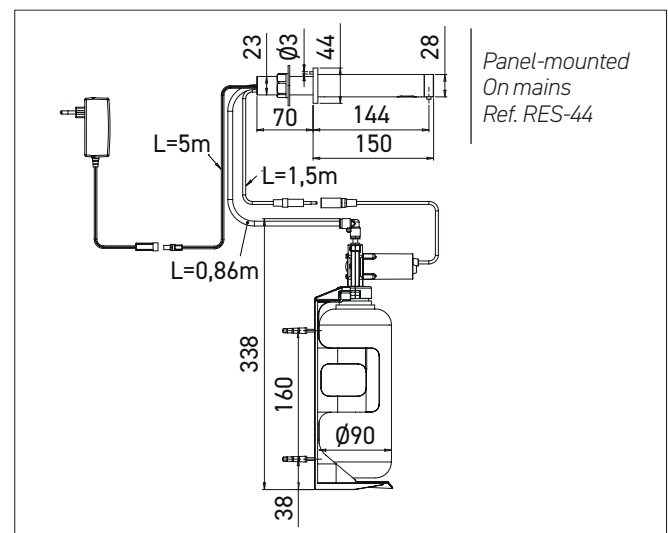

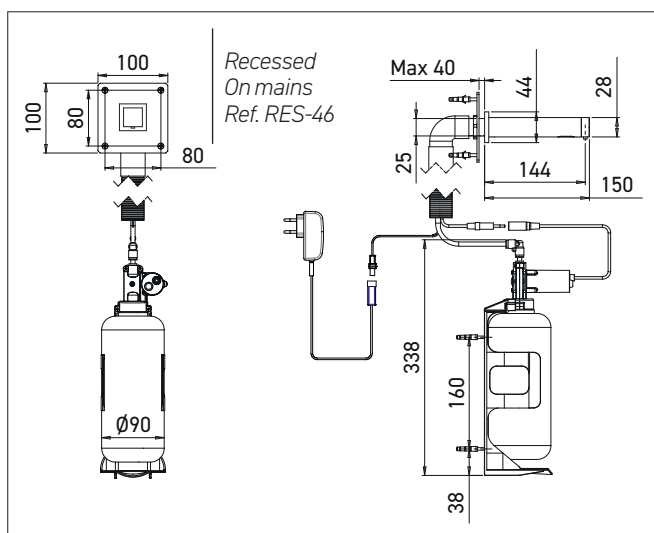

CE. 2-year warranty.

CARREO soap & water

Soap tank installation behind wall, under washbasin or behind mirror.
