

KUBIKA soap dispenser

References: **RES-49 / RES-49P / RES-59 / RES-59P**

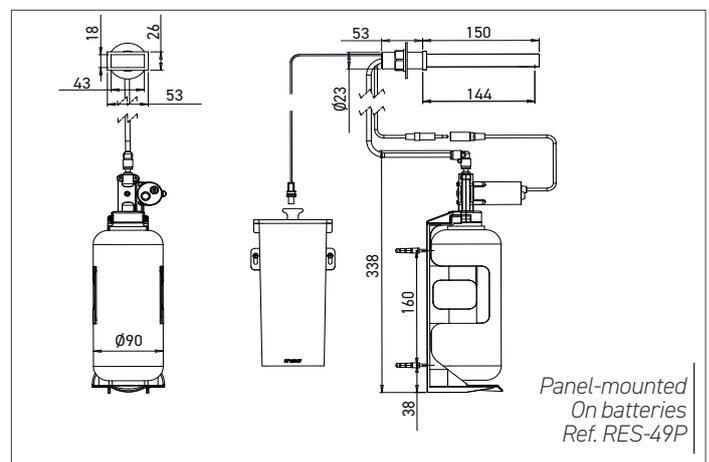

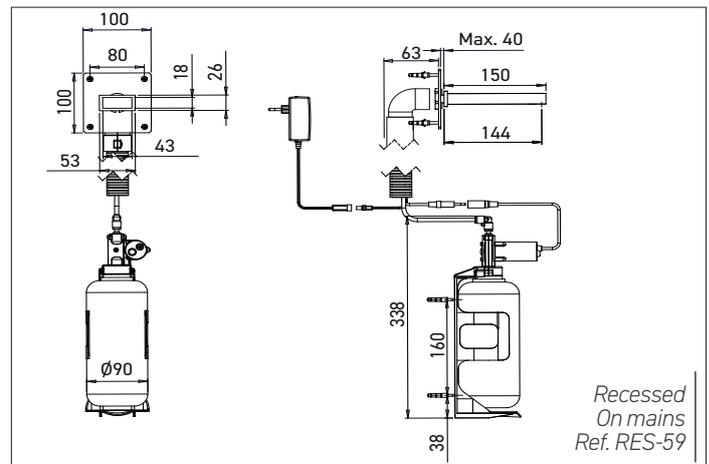

Description

Wall-mounted electronic liquid soap dispenser for washbasin.
 Touch free, protects against cross contamination.
 Rectangular, modern and elegant design.
 The robust brass construction allows installation in high-traffic areas.
 Drastic reduction in soap consumption: precise, even soap dosage, automatic stop without dripping.
 Peristaltic pump: the soap passes through a tube without coming into contact with the pump, preventing contamination and backflow.
 Easy to install and refill.
 Perfect combination with wall-mounted electronic faucet for improved hygiene, ease of use and premium sanitary brand image.

Features

Activated by infrared sensor.
 Powered by 230/12V transformer or 6 x LR20 batteries (not included).
 Chromed brass spout L 150 mm x H 26 mm.
 Panel-mounted or recessed installation.
 1L refillable tank and wall support (2L or 6L tank option).
 Operates by peristaltic pump, allowing the use of any type of liquid soap, detergent, lotion or antibacterial gel.
 Viscosity 100-3800 cPs. PH 6.5 - 8.5.
 Optional RES-38 remote control for setting adjustments (soap dosage, soap priming after refill, temporary stop and reset).
 CE. 3 years warranty.
