

ONE 2in1 soap and water electronic faucet

Reference: **RES-57**

Description

The ONE 2-in-1 faucet seamlessly blends water and soap, enhancing your washbasin with elegance and touch-free ease of use.

With its refined curves, hidden sensor at the spout's tip, and soap conveniently accessible near the water, it provides a comfortable and hygienic handwashing experience.

Its quick, single-hole installation saves space, eliminating the need for a second hole, particularly beneficial for ceramic surfaces or renovations.

Designed for easy installation, effortless maintenance, and reliable performance in high-usage environments.

Features

Powered by 9V battery or 230/9V transformer.
