

EXTREME WS stainless steel automatic soap dispenser

References: [RES-641-S1](#) / [RES-641P-S1](#) / [RES-642-S1](#) / [RES-642P-S1](#)

Description

Wall-mounted AISI 316 brushed stainless steel electronic soap dispenser with an infrared sensor integrated into the spout tip for a cleaner and more refined design.

Recommended for installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Dispenses a precise, touch-free dose of soap with automatic shutoff, preventing drips and ensuring impeccable hygiene and sanitary standards.

Easy to fill, it brings an economic solution to ensure clean and aesthetic washbasins.

Features

Activated by infrared sensor.

Powered by 230/12V transformer or 6 x LR20 batteries (not included).

AISI 316 brushed stainless steel spout, L150 mm Ø24 mm.

Panel mounted or recessed installation.

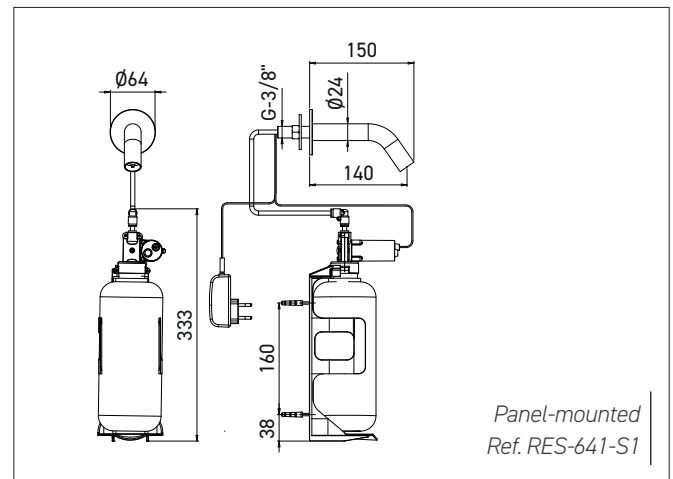

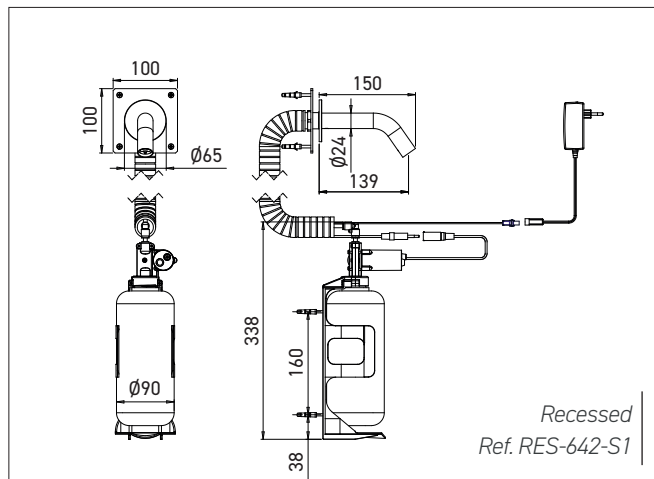

1L refillable tank and wall support (2L or 6L tank option).

Peristaltic pump for all types of liquid soap, lotion, detergent or hydro-alcoholic gel.

Viscosity 100-3800 cPs. PH 6.5 - 8.5.

Optional RES-38 remote control for setting adjustments (soap dosage, soap priming after refill, temporary stop, reset).

CE. 2 year warranty.
