

ELITE stainless steel automatic soap dispenser

References: [RES-72-S1](#) / [RES-72P-S1](#)

Description

ELITE electronic liquid soap dispenser in AISI 316 stainless steel, brushed finish.

Touch-free, protects against the risk of cross-contamination.

Recommended for installations where ease of maintenance and durability are prioritized (resistant to scratches, UV, and fingerprints...).

Minimalist, modern, elegant design.

Drastic reduction in soap consumption: precise, even soap dosage, automatic stop without dripping.

Peristaltic pump: the soap passes through a tube without coming into contact with the pump, preventing contamination and backflow.

Easy to install and fill.

Perfect combination with ELITE stainless steel electronic faucets for hygiene, pleasure of use and the brand image of sanitary areas.

Features

Activated by infrared sensor.

Powered by 230/12V transformer or 6 LR20 batteries (extra charge).

Brushed AISI 316 stainless steel body (high resistance to corrosion and bacteriostatic).

1L filling tank and wall bracket (2L or 6L optional).

Operates with peristaltic pump for use with all types of liquid soap, detergent, lotion or antibacterial gel.

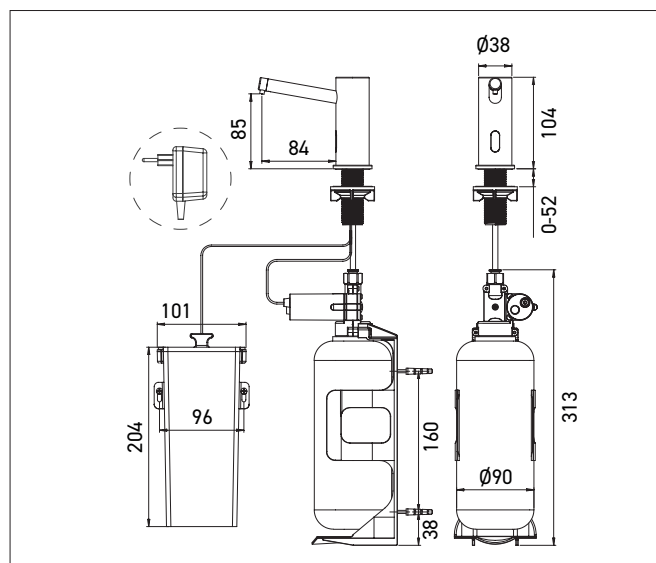

Viscosity 100-3800 cPs. PH 6.5 - 8.5.

Deck-mounted installation, standard with an under-sink tank.

Wall-mounted pump support and tank.

Optional RES-38 remote control to adjust the soap dose, priming after filling, temporary stop and reset.

CE. 2 year warranty.
