

ELITE automatic foam soap dispenser

Reference: **RES-72M**

Description

Electronic foam soap dispenser for washbasin.

Touch-free, protects against cross contamination.

Minimalist, modern and elegant design.

The brass construction allows for safe installation in heavy flow areas.

Drastic soap consumption reduction: regular and precise dispensing, drip-free automatic stop.

Peristaltic pump: the soap passes through a tube without coming into contact with the pump, preventing contamination and backflow.

Easy to install and fill.

Perfect combination with the ELITE electronic faucet for hygiene, user enjoyment, and brand image of your sanitary spaces.

Features

Activated by infrared sensor.

Powered by 230/12V transformer.

Chrome-plated brass body.

1L refillable tank with its wall-mounted support (2L or 6L option).

Operates via peristaltic pump and air compressor for foaming effect.

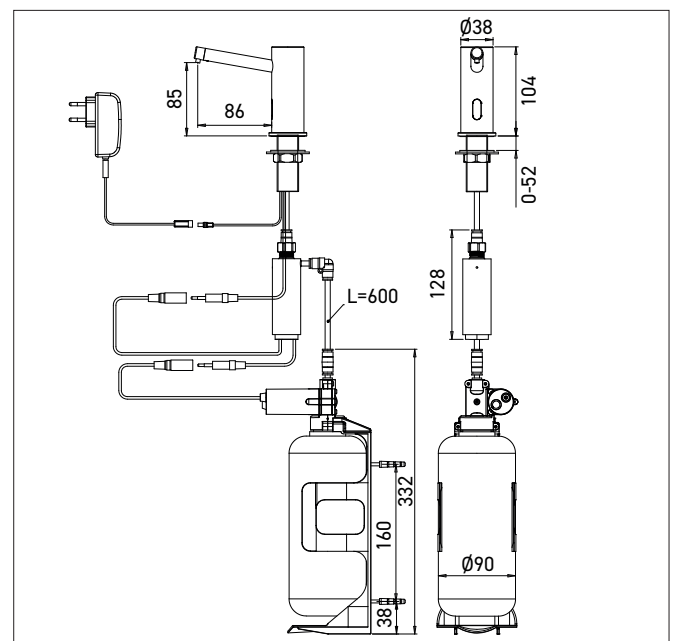

Viscosity: 0-100 cPs. pH: 6.5-8.5.

Deck-mounted with under-sink tank in standard installation.

Wall-mounted pump and tank support.

Optional RES-39 settings remote control for soap dosage, air quantity (foaming effect), priming after refill, temporary stop and reset (return to factory settings).

CE. 2 year warranty.
