

ELITE raised electronic faucet

References: **RES-75-R / RES-77-R**

Description

Electronic washbasin faucet with infrared sensor, for cold or pre-mixed water supply, with raised spout for countertop basin. Its elegant design adds a contemporary and polished touch to sanitary spaces.

Designed for easy installation and maintenance, with every component seamlessly integrated into the faucet body.

Under basin battery access.

Electronic faucets reduce water consumption, save energy, and optimize sanitary hygiene.

Features

Infrared sensor with optimised presets or adjustable by remote control (flow duration, detection range, temporary stop...).

Powered by 9V battery or 230/9V transformer.

Low battery indicator light for replacement.

Security stop after 90 seconds of uninterrupted use.

Periodic hygiene rinse.

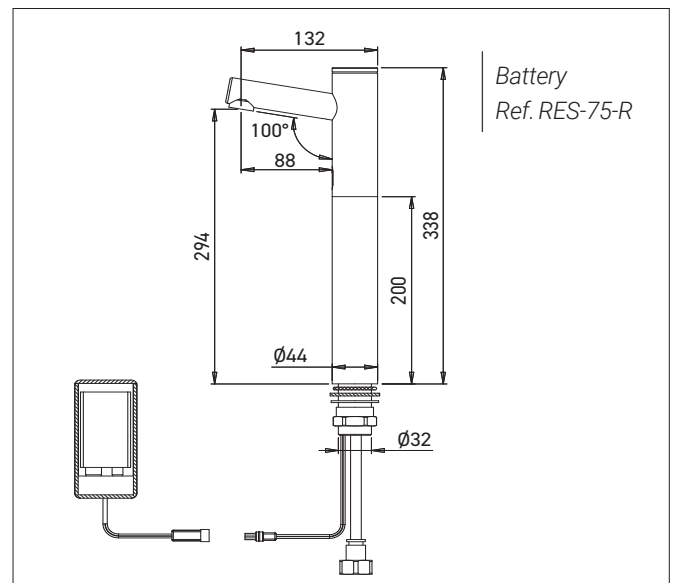

Chrome-plated brass body with integrated solenoid valve.

Adjustable NEOPERL aerator to optimise jet direction, with limited flow rate of 6 LPM (3LPM, 1.9 LPM or 1.3 LPM on demand).

Cold or pre-mixed water supply, with solenoid valve integrated into the faucet body.

Water pressure: 0.3 – 8.0 bars / Maximum temperature 70°C.

CE. ACS. 3-year-warranty.
