

ELITE electronic faucet

References: **RES-74 / RES-75 / RES-76 / RES-77**

Description

Deck mounted electronic faucet with infrared detection.

The vandal-proof brass construction allows for safe installation in high-risk areas.

Its elegant design adds a contemporary and polished touch to sanitary spaces.

Engineered for effortless installation and upkeep, with all components integrated into its structure.

Under basin battery access.

Electronic faucets reduce water consumption, save energy and optimise sanitary hygiene.

Features

Infrared sensor with optimised presets, adjustable with remote control (detection range, flow duration, periodic flushing, temporary stop...).

Powered by 9V battery or 230/9V transformer.

Sensor includes a low battery LED indicator.

Security stop after 90 seconds without interruption.

Periodic hygiene rinse.

Chrome-plated brass body.

Adjustable NEOPERL aerator to optimise jet direction, with limited flow rate of 6 LPM (3 LPM, 1.9 LPM or 1.3 LPM on demand).

SPEX F3/8" hoses (resistant to chlorinated disinfection and temperature increases) with integrated check valves.

Supplied filters.

Mixes hot and cold water, with the solenoid valve integrated into the faucet body.

Operating pressure: 0.3 – 8.0 bars. / Max. temperature 70°C.

CE. ACS. 3 year warranty.
