

EXTREME WS wall mounted matte black electronic faucet

References : [RES-901-N](#) / [RES-902-N](#) / [RES-911-N](#) / [RES-912-N](#)

Description

Wall mounted matte black electronic faucet with infrared sensor, for cold or pre-mixed water.

Pure design: concealed sensor, integrated in the tip of the spout.

Comfort: very reactive sensor, water flows as soon as the user's hands are in range!

This faucet is designed for an easy installation and low maintenance care.

Features

The unit has a self-adjusting infrared sensor which can also be adjusted by remote control (sensor range, flow time, hygiene rinse, temporary off, safety time, reset...).

Powered by 9V battery or 230/9V transformer.

When powered by transformer, a built-in back-up Lithium battery ensures uninterrupted operation in the event of a power outage.

Low energy consumption, battery lasts around 3 years. Sensor includes a low battery LED indicator.

Periodic hygiene rinse.

Brass body with matte black finish.

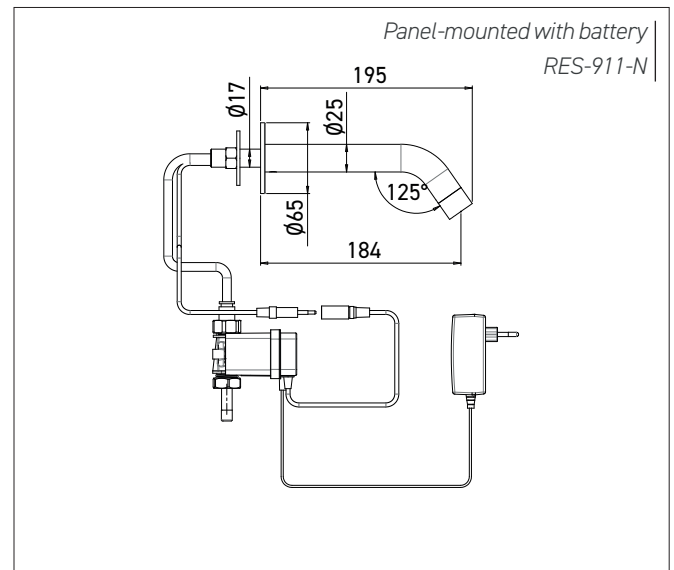

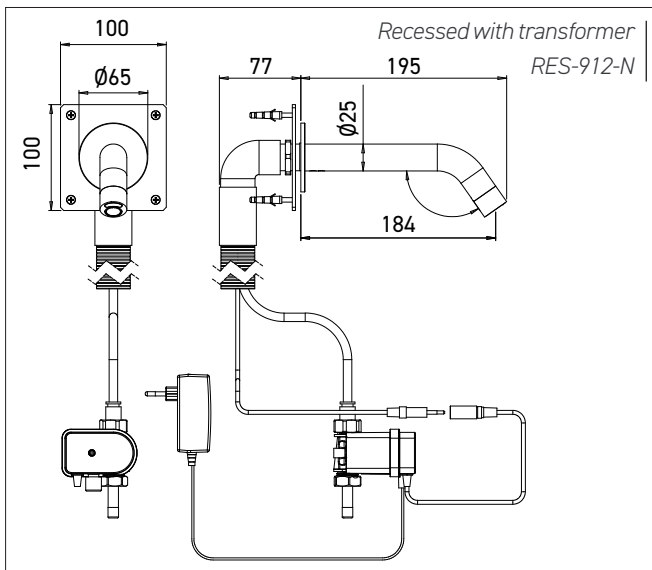

Security stop after 90 seconds without interruption.

Water pressure: 0.3 – 8.0 bars / Maximum temperature: 70°C.

Cold or pre-mixed water supply, M½" solenoid valve with filter.

Limited flow rate of 4LPM (1.9LPM available on request).

CE. ACS. 3 year warranty.
