

SMART deck-mounted hand dryer

References: **SM-25** / **SM-25-S1**

Description

High-quality, high-speed deck-mounted touch-free hand dryer. Minimalist and reliable design for intensive use.

Users can dry their hands immediately after washing, with all water flowing directly into the basin, simplifying the cleaning process.

With the concealed motor, only the spout is visible on the basin, saving space in the washroom.

HEPA filter for enhanced hygienic performance.

The SMART hand dryer is available in AISI 316 stainless steel for maximum durability and a premium finish.

Combined in a trio with the touch-free faucet and soap dispenser, this all-in-one set improves hygiene and streamlines the handwashing and drying process.

Features

Self-adjusting infrared detection 170 mm $\pm$ 20 mm or settings adjustable via remote control (sensor range, drying time, safety time, temporary shut-off).
